The Assemble-To-Order System

MSA makes it easy to order the exact BlackHawk Tactical Air Mask to meet your needs. Instead of choosing from a few listed assemblies, you can use the ATO chart to quickly and easily create a part number for an assembly that exactly meets your needs.

All options discussed in this document can be selected from the ATO chart. You can receive toll-free customer support from

BlackHawk® MMR Self-Contained Breathing Apparatus

NIOSH Approved, Non-NFPA Compliant
